I was in class 9c. My class was in England. I was not allowed to go to England because I had a bad behavior before the England trip. I got some tasks which I should do.

The class teacher was very kind and the student, too. Jeremia was also not allowed to go to England but he - nevertheless - stayed at home and did not come to school. The 9c always had an early school - closing. Fikret was also in the 9c. Mr Glander was very pleased that I was in his class.
